Pontem Online Burial Search Service

Pontem® SOFTWARE

Serve Your Community by Providing Easy, Instant, Online Access to Your Cemetery's Burial Information
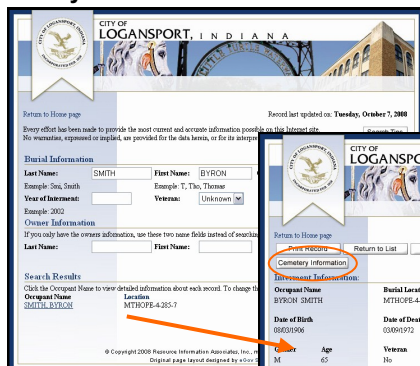

Pontem's Online Burial Search integrates seamlessly with your existing website, updates online data automatically, and provides fast, safe, and easy access to your cemetery data from any Internet computer. Don't have your own website? Pontem has a solution for that, too!

## We Serve You, So You Can Better Serve Your Community

Features and Benefits

- Save time by reducing phone inquiries.
- Easy to use searches make it easy for untrained visitors to find burial records.
- Search results are displayed in a list which can be sorted by Name, Grave Location, or Date of Burial.
- Contact information is provided for your cemetery including a map to your cemetery location.
- The web export automatically updates your website directly from the Pontem Cemetery Management database.
- Search and results pages are customized to conform to the actual data you maintain.
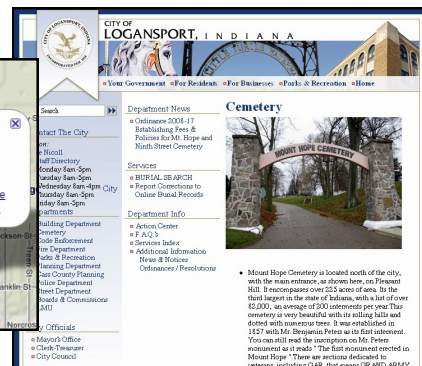

Easy Searches & Detailed Results

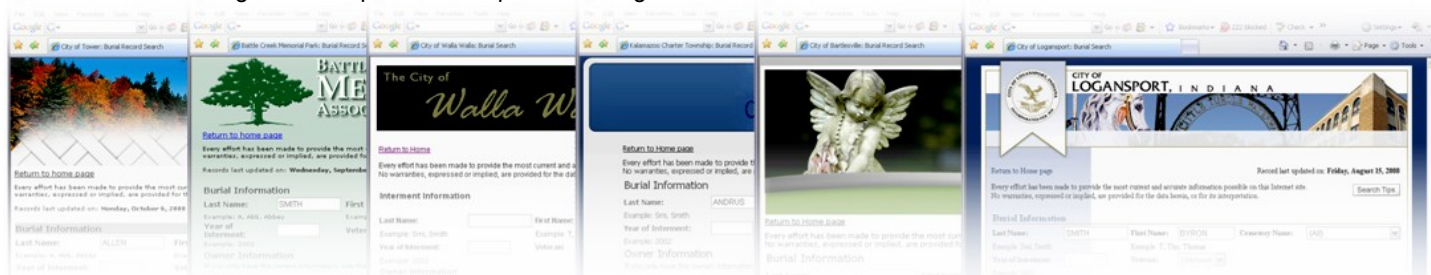

A simple click reveals burial details.

Your Site's Visitors Can...

- Locate a burial using GIS maps
- Learn about your cemetery
- Generate a Google map with directions to the cemetery
- Print detailed burial information

It's as easy as 1-2-3

1. Subscribe to the Pontem Online Burial Record Search Service
2. Our design specialists will customize your online search pages to match your existing website.
3. Don't have a website? Your cemetery's data can easily be exported from your Pontem Cemetery Management System files and affordably made available online. Either way, your data will automatically be uploaded, ensuring it will be up-to-date for public viewing at all times.

Pontem Offers You a Complete Cemetery Record Management Solution. Call Today!
