Patriot Properties' AssessPro

- Precise, flexible and easy-to-use, Patriot Properties' **AssessPro** is one of the most comprehensive Computer Assisted Mass Appraisal (CAMA) property assessment tools on the market today.
- Full real and personal property modules, hundreds of standard and user-defined reports, document and photograph storage, and *SketchPro*, Patriot's *integrated* cutting-edge graphical sketching tool are just some of reasons why **AssessPro** is the Number One choice among assessors nation-wide.
- **AssessPro** fully integrates with Pontem's powerful Tax Administration Suite — giving users an affordable, reliable full-circle property tax management software solution with service and support that's unparalleled!

Today, more than ever before, local and municipal government offices are being challenged to do more with less.

At Pontem Software, we understand those challenges. It's one of the reasons we've been dedicated to providing local and municipal governments with flexible, affordable and easy-to-use software for more than 30 years.

It's also why we're pleased to tell you about a powerful new partnership with **Patriot Properties**, developers of **AssessPro**, an incredibly feature-rich, property tax assessment tool that handles all types of properties in all size jurisdictions which will help you *work smarter, not harder* in an era where every day and dollar counts.

Designed by assessors for assessors, **AssessPro** is trusted and used by property tax management professionals nationwide.

It's powerful, powerful, precise and compliant with statutory standards in states across the country.

Like all products in Pontem's software portfolio, **AssessPro** creates industry-standard data exchange files which integrate seamlessly with other software allowing a free, open exchange of data between programs saving you time and money.

Isn't it about time you took a look? Contact us and discover what Pontem and **AssessPro** can do for you, today!

"We needed to improve our CAMA system in time for this year's schedule revaluation. Patriot's AssessPro product had the most robust features of any CAMA system we researched and was a logical choice when we decided to upgrade." — David McMullen, Chief Assessor, City of Lebanon, NH
